October 21, 2020

Dear Parent or Guardian,

In keeping with Karnes City ISD's practices to respond to COVID-19, we are notifying all student families that a staff member is lab-confirmed to have COVID-19. Due to privacy requirements, we will not be releasing the names of the individuals.

The local health department has been notified, has begun a case investigation and have/will contact any individuals determined to be in close contact with the infected individual. We do not have reason to believe that those who were not in close contact with the infected individual have reason to be concerned. This past weekend KCISD took proper measures to ensure all campuses and district facilities were fogged/disinfected. We ask that you, as always, watch for symptoms of COVID-19.

Any of the following symptoms may indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you are a member of the KCISD community and begin experiencing any of these symptoms we encourage you to contact your physician. We encourage anyone in the KCISD community who is lab-confirmed to have COVID-19 to please notify our school nurse by contacting 830-780-2321.

Thank you,

Hector Madrigal
